

2020 CDNYSBOC Annual Educational Conference

Registrant Participation Information & Instructions

2020 CDNYSBOC Annual Educational Conference

Thank you for participating
in our 2020 Annual
Educational Conference
being held virtually on the
WebEx platform.

Your attendance at this
session will inform you of
the processes and supply you
with the tools to make your
attendance as worry free as
possible.

Let's get started!

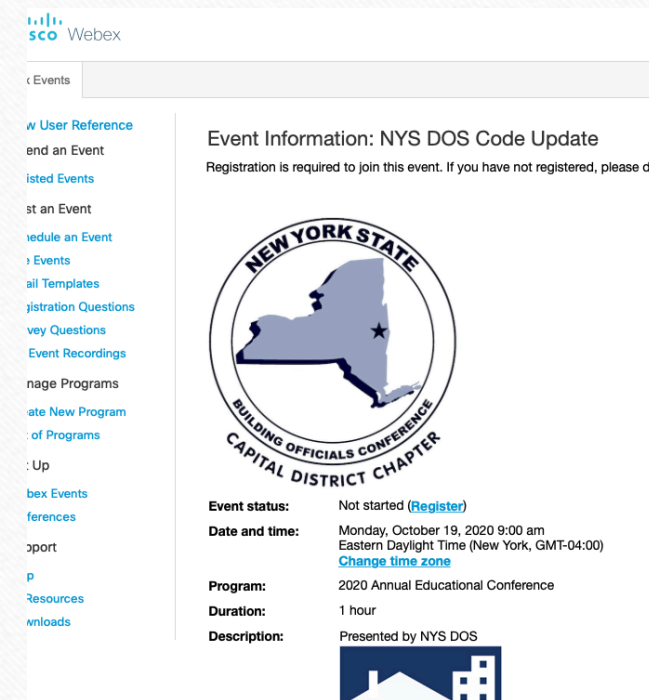

Instructions for Attendance

- You must be previously registered at <http://www.codesclass.com/capital/> to receive credit for attendance at each of the sessions.
- Following is the schedule and links to pre-check in for each session. Click the link for each session you wish to attend and complete the information, including your NYID number.
- Once you have completed the check-in for each session you will receive a link, unique to you and you alone, for attendance to that session. This link cannot be forwarded to another individual for their attendance.

Registering for each Session...

- Once you click on the session link you will be directed to the registration **page for that session**,
- Click the link to **Register**, next to Event Status

The screenshot shows a Webex interface for an event titled "Event Information: NYS DOS Code Update". The page includes a sidebar with navigation links such as "User Reference", "Events", "Templates", and "Event Recordings". The main content area displays the event details:

- Event status:** Not started ([Register](#))
- Date and time:** Monday, October 19, 2020 9:00 am Eastern Daylight Time (New York, GMT-04:00) ([Change time zone](#))
- Program:** 2020 Annual Educational Conference
- Duration:** 1 hour
- Description:** Presented by NYS DOS

The page also features the New York State Building Officials Conference Capital District Chapter logo, which includes a map of New York State.

Registering for each Session...

- Fill in your first name, last name, email address and confirm and your complete NY or CE NYSID number
- **Then click Submit**

Register for NYS DOS Code Update ?

[English](#) : [New York Time](#)

Please complete this form to register for the event. An asterisk (*) indicates required information.

Please answer the following questions.

* First name:	<input type="text" value="Valerie"/>	* Last name:	<input type="text" value="Scott"/>
* Email address:	<input type="text" value="vscott@albanyny.gov"/>		
* Confirm email address:	<input type="text" value="vscott@albanyny.gov"/>		
	* NYID:		
	<input type="text" value="NY00005901"/>		

Registering for each Session...

- You will then see a confirmation page for that session
- **Click Done to close**

NYS Requirements

- **To receive In-Service credit:** CEOs and BSIs who attend in-person conferences to acquire their annual In-Service training must adhere to certain recordkeeping procedures. The following are the comparable webinar procedures:
 - You must login to the webinar to receive credit. The login link is found in the email that was sent to you verifying your registration.
 - You must login no later than 15 minutes after the scheduled start time of the course.
 - You must not log out until the course ends.
 - Attendees must participate in the webinar using a computer or tablet. Call-in participants will not receive In-Service credit as there is no way for WebEx to track your training ID # through the phone.
 - Your *attention-to-duration ratio* must be at least 65%.
- Please allow at least three weeks for webinar trainings to show up in your SLMS training history.

NYS Requirements

- **Notes pertaining to the *attention-to-duration ratio*:** Webinar attendees must be present and accounted for during a webinar to receive In-Service credit. This is no different than what is required of those attending an in-person conference. If a conference attendee were to sign in and then shortly thereafter leave and not return, the attendee would not receive credit for attending the course.
- The webinar program (WebEx) tracks whether an attendee is “present” by tracking the programs that are running in addition to WebEx. For example, if an attendee minimizes the webinar window or if another computer program is opened (such as a spreadsheet, email, internet search engine, etc.), then WebEx will interpret this as the attendee is not present. The more time that an attendee’s webinar window is not the active window, the lower their *attention-to-duration ratio* becomes.
- To illustrate how this works, consider an example where an attendee spends 15-minutes reading and sending emails during a 60-minute training session. In this example, the WebEx program would record this attendee as being absent for 25% of the course (15-minutes absent ÷ the 60-minute training session). The attendee would therefore have a 75% *attention-to-duration ratio* (45-minutes present ÷ the 60-minute training session).

General Items

- You will one email from us with a separate link for each session
- We must comply with NYS DOS rules for attendance and attention
- You will receive an email with links to register for each session
- Once you have registered you will receive an attendance link, **unique to you**
- ***This is new to all of us and we do not expect everything to run perfectly. We will all work together to support you and make sure you have a successful training session.***
- **We look forward to seeing you all in person next year and thank you for your continued support!**

Thank You

A copy of this will be sent to you in the email with the session links.
